

## Board of Directors – Candidates for Election

### **Jack Creager – *Incumbent***

**American United Federal Credit Union  
EVP/CFO**

I have been in the Credit Union Business for over 35 years. I love credit unions. My degree is in accounting and I am currently the CFO at American United FCU. I was at the formation of CU Prodigy and have attended most board meetings since. I feel that Prodigy has been a part of my credit union journey. I am proud to have served on the board for the last few years. I have been the Chairman for the last 3 years. CU Prodigy has always been a project that we hoped will be completed, but I realize it will never be complete, just improved. I love being a part of that journey. I realize the software is not perfect, and I want to be there to help make it what we all want it to be. I think I understand the trials we all face. I would like to stay on the Board and continue to serve the members of this CUSO. This company is moving forward fast, we have turned the corner. We just need a little tune up before we take off. Thanks for your support.

### **Rob Taylor - *Incumbent***

**Idaho State University Credit Union  
CEO**

I've served on the board of CU Prodigy for six years and in that time we've completed the core rewrite, merged TriCUE, recruited a new CEO, created cloud services, and grown our user base. I'd like to continue on with that success as one of your representatives on the board. I still have a passion for ensuring the core continues to evolve into the very best system available to credit unions. I also want to see the core and cloud developed further to be more interactive with members online.

### **Nick Fugal**

**Clarity Credit Union  
Chief Financial Officer**

I have been with Clarity Credit Union for 6 years as their CFO and have worked with CU Prodigy in a number of projects including mergers, product development, SQL reporting, and database improvements. During my time at Clarity, I have served on a number of boards including the Idaho Credit Union League Board and the Northwest Credit Union Association (NWCUA) Board. I was also recognized as the Young Credit Union Leader of the year in 2017 by the NWCUA. Clarity Credit Union is 78 Million in assets, serves 15,000 members in six Southwest Idaho Counties, and has focused on serving members of modest means. We have six branches, 41 employees, and recently received the 2018 Best in State award from Forbes magazine. Clarity is unique and we sometimes require individual support which CU Prodigy has provided us. CU Prodigy is a true partner of ours, helping us to better ourselves, our members, and the communities we serve.

### **Nicholas Jensen**

**Harrison District 2 Federal Credit Union  
CEO**

## Board of Directors – Candidates for Election

Since I took over the role of CEO at Harrison District 2 FCU in 2016, our credit union has experienced annualized growth in assets, revenue and loans of 6%, 16% and 25%, respectively. I attribute this success to my eagerness to collaborate with other credit unions and partners, willingness to employ outside-of-the box problem solving, and a commitment to values-based decision making.

Since 2006 I have held CU roles from teller to CEO. My Bachelors' degree is in Accounting and Management, and I have the NCCO designation from NAFCU as well as the CCUFC designation from CUNA. In addition, I am enrolled in an Undergraduate Certificate in Computer Programming through CSU Global (to be completed in February 2019) that will further enable me to provide valuable insight in this role.

It would be my honor to serve on the CU Prodigy board, and I humbly thank you for your consideration.
